Susanna Heller

City of Wakes: Recent Paintings

This is the sixth solo exhibition in New York of paintings by Susanna Heller. She continues to use the signature ephemera of New York - here the tracks left by tugs in New York harbor - as a point of departure for her stunning, visual exploration of the energy and relationships of space and time, motion and change. As always, the quality of her painting is expert, the line true and deft, the use of color and light exquisite.

Dates: 17 February - 31 March 2001

Reception: Saturday, February 17, 5-7 pm
