Nature's Knot

Ann Agee, Julia Kunin, John Monti, Jeanne Silverthorne and Daniel Wiener, while distinctly unique sculptors share strong affinities. Their work represents the inherent problematics of nature: pairing beauty and the grotesque, seduction and threat, aspiration and futility. Through rigorous material manipulations each artist embodies elements in their work that enthrall and surprise us. We are best not to let our guard down.

Nature's Knot is not what you'd expect.

Title: ***Nature's Knot***

John Monti, guest curator

Dates: **6 December 2014 – 17 January 2015**

Reception: **Saturday 13 December 2014, 3 – 5 PM**
